Solids & Recycling-Technik 2020 in Dortmund

43EF20
April 2020

Solids & Recycling-Technik in Dortmund is postponed until March 2021

Catch-up date: This year's Solids & Recycling-Technik Dortmund postponed to March 2021

(Dortmund) Due to the current difficulty in assessing the corona situation and the associated ban on major events in many countries, the organiser Easyfairs is postponing this year's industry event Solids & Recycling-Technik Dortmund to March 2021. The new date offers exhibitors and visitors more security for planning and lower health risks.

The trade show duo Solids & Recycling-Technik Dortmund 2020 will now take place on 17th and 18th March 2021. "We would very much like to have stuck to the original alternative date in June of this year. However, the current decisions of the Federal Government regarding the staging of major events leave us with no other choice. In the context of the continuing open development of the risk situation, we see it as our responsibility to provide the best possible protection for participants, to ensure greater planning security and therefore to postpone the event," comments Sandrina Schempp, Event Director of Solids & Recycling-Technik on the announcement.

In order to create secure conditions for all those involved in the industry event, the organiser Easyfairs has decided, in agreement with the official bodies, to reschedule the date of the trade show for the Solids & Recycling technology. The replacement date for June for the trade show duo, which was originally planned in April, has now been moved to March 2021.

Tickets and contracts remain valid

All tickets and registrations purchased so far will remain valid and can be used to visit the trade show duo on the alternative dates in spring next year. The organizer also adheres to the contracts concluded with the exhibitors for the event.

"We would like to thank our exhibitors and partners in particular for their valuable support over the last few weeks in this extraordinary situation," says Sandrina Schempp from the organiser Easyfairs. Now, in March 2021, visitors and exhibitors can look forward to a customary high-quality business platform in the heart of the Rhine-Ruhr industrial region, just in time for the expected economic revival.

Get in touch virtually!

In the meantime, the organizer is working flat out on a platform for virtual matchmaking opportunities. Exhibitors and visitors will be informed about this shortly. "True to our motto, we want to move the industry together even in these difficult times," promises Sandrina Schempp in conclusion.

((About Easyfairs))

Trade shows as a visit to the future

Easyfairs organises and hosts live events that bring communities together under the common theme of "Visit the future."

Easyfairs currently organises more than 220 events in 17 countries (Algeria, Belgium, China, Denmark, Emirates, Finland, France, Germany, the Netherlands, Norway, Portugal, Singapore, Spain, Sweden, Switzerland, the United Kingdom and the United States) and manages 10 event venues in Belgium, the Netherlands and Sweden (Antwerp, Ghent, Mechelen-Brussels North, Namur, Gorinchem, Hardenberg, Venray, Gothenburg, Malmö and Stockholm).

In the DACH region alone, Easyfairs organises Automation & Electronics (Zurich); Empack (Dortmund); Logistics & Distribution (Dortmund); maintenance (Dortmund and Zurich); Packaging Innovations (Zurich); Pumps & Valves (Dortmund and Zurich); Recycling-Technik (Dortmund) and Solids (Dortmund and Zurich).

The Group employs more than 750 people and generated revenues in excess of €171 million for its financial year 2018-2019.

Easyfairs strives to be the most adaptable, agile and effective player in our industry by employing committed individuals, deploying the best marketing and technology tools, and developing strong brands. In 2018 Easyfairs received the Belgian "Entrepreneur of the Year®" award, and in 2019 Deloitte named Easyfairs "Best Managed Company." In addition, the company occupies 18th place in the list of the world's leading trade fair organisers.
